Description

Enjoy captivating sea views from every corner of this thoughtfully designed home. Located on the heights of Tamarin, on one of the last sites offering a unique 180-degree view. The residence offers 2 bedrooms apartments, 3 bedrooms duplexes, and 4 bedrooms Penthouses. Overall, it consists of two identical blocks, served by a central elevator, while access to the residence is located at the rear, giving a completely unobstructed view of the sea.

Let's have a look at the duplexes!

The residence offers 2 duplexes of 292 m² facing the sea, where each unit has its own infinity pool and its private garden. Located on the ground floor, they come with three en-suite bedrooms of an area from 24 m² to 36 m². To ensure perfect wake-ups, the two bedrooms overlook the pool while the third bedroom has its own private garden.

Design-wise, the configuration of the site and the slopes makes that the entrance to the Duplexes is on the 1st floor. This floor consists of a large living room connected to the kitchen of approximately 55 m² and opening onto a covered terrace of 50 m².

For your eyes only, all duplexes offer a 180 degrees view on this floor of Tamarin Bay, Le Morne, and the lagoon.
