### Description

Located in the heart of Tamarin, the Ekô Savannah resort and club promises to be an absolute idyll. Nestled at the foot of the Tourelle mountain, with powerful views over the entire Black River range, the estate will house a total of 47, 3-6 bedroom single-storey villas on plots varying from 854m<sup>2</sup> to above 2000m<sup>2</sup>.

With an inspired design by renowned Mauritian architect, Jean Marc Eynaud, this is the 4th residential project in Mauritius, by the respected French team MJ Development.

Part of the new project, this 3-bedroom villa is built on an 854 m<sup>2</sup> plot and provides light-filled interiors and a contemporary open-plan concept, favoring indoor/outdoor living with an African feel, as well as an exotic touch.

As with all of their previous concepts, an entire range of onsite services and amenities, as well as a full scope of property management services are available, including a clubhouse, kids corner, restaurant, swimming pool and lounge bar, fitness club, and a fully equipped business center, as well as a full concierge service.
