## Description

" I must be a mermaid, I have no fear of depths, and a great fear of shallow living " - Anais Nin.

On a quiet street, right at the water's edge, sits this pristine apartment block of just 7 units.

A quick elevator rides up to the second floor to the only 3-bedroom apartment. As you open the front door and enter the expansive living space, your eyes are immediately drawn to the jaw-dropping views over the Black River mountains across the bay... You have most definitely arrived!

3 sizeable terraces and wide openings cleverly link the exterior/interior spaces. A generous private plunge pool on the main terrace is the perfect place to chill on a hot summer afternoon. The sublime designer kitchen, in an edgy, matt black, is a work of art, although all the other spaces you'll find are just as beautifully curated and do not disappoint!

The master en-suite is fabulous both in size and design, and there are 2 other beautifully appointed en-suites, and a small study nook overlooking, the opposite end of the penthouse.

Whether you are seeking a lock up and go or permanent pied-à-terre – this unit really ticks all those boxes and more. If you are thinking investment, you shouldn't have too much trouble filling your booking sheet (currently to the tune of around 400 Euros/night), although you would be forgiven for wanting to keep it all to yourself!
