Allow us to guide you through this exquisite gem.

In a world where peace and tranquility are the new benchmarks of luxury, this villa goes above and beyond. The residence, grandiose in scale, spans two and a half levels. Dark stone walls accentuate a spacious living room designed with an open-plan concept. Additionally, discover a grease kitchen, a laundry area, and garages.

The right wing of the villa accommodates 2 bedrooms with en-suite bathrooms and dressing rooms on a half level below, while an additional 2 bedrooms with en-suite facilities are situated on the half level above. A library area complements this layout, and a fifth bedroom with an en-suite bathroom is conveniently positioned near the entrance at the rear of the house.

An intriguing feature awaits on the upper floor—an entire space dedicated to a games room.

Now, turn your attention to the exterior, where the highlight is a captivating pool. Embracing a sloping garden that descends towards a river, the property also boasts a dock for mooring your boat.

In simple terms, a life of splendor awaits you.
